

5032**Verti-Maxx Vertical Mixer**

We are very excited to introduce to you our new smallest model of the Verti-Maxx mixers with the following features:

FEATURES

- **Twin-Auger Design**
- **Patented Bull Gear Drive**
- **Large Door Opening - 36" x 39"**
- **New Large Knight Auger Knives**
- **Hay Retention / Extension Option**
- **Low Profile - 93" Loading Height**
- **Narrower Width - 79" Tread Width**
- **Smaller Capacity**
 - **320 Cubic Foot without Hay Retention**
 - **360 Cubic Foot with Hay Retention**

This new model has been designed for dairy and beef producers who want to incorporate more hay in their rations. Now the producers with smaller operations can incorporate all types of feedstuffs, like round bales, without pre-processing the hay or worrying about damaging the mixer. This vertical mixer is built to handle any ration and is affordably priced for small dairies, backgrounders and starter yards.

AVAILABILITY

5032 Verti-Maxx units will be available for shipment in mid-November.
